

# WEBINAR :

## Automation Tools For IoT Applications

### Focusing on Opto 22 PAC Controllers and GROOV HMI Software

Martindale Associates, along with Opto 22, invite you to attend a webinar demonstrating the latest Opto 22 products and Internet of Things (IoT) technologies in industrial automation.

The IoT is the fastest growing segment in industrial and commercial applications. Get a head start on learning to use these tools, and let these demos inspire application-specific solutions for your business. The webinar will cover:

- The RESTful API in [SNAP PAC](#) and [GROOV](#)
- The Node-RED environment and Opto 22 specific Node-RED Nodes
- JSON Data Format

Opto 22 Sr. Applications Engineer, Kyle Orman, will present live demos using these technologies to exchange data between real-world I/O and IoT platforms.

Receive a \$5.00 Dunkin Donuts gift card from Martindale when you attend the Webinar on November 9<sup>th</sup>, 2017

Presented by: Kyle Orman, Opto 22, Juan Peguero, JPlus Services and Laurie Hall, Martindale Assoc.
